

Fond du Lac (FDL) Community,

The FDL Reservation is seeing an increase in reported drug overdoses happening in and around our community. It has hit the adult and youth population very hard. Unfortunately, some overdoses have been fatal.

As a community it is our responsibility to look after one another. If you are in the presence or come across someone who has overdosed, please call 911. A call to 911 could save a life.

If you or a loved one is experiencing drug and alcohol problems or you would like to report an incident, below is a list of resource phone numbers.
