

Fond du Lac Transit is giving free rides to vaccination sites. Public safety is our number one priority right now. When the vaccination is available to the age group of 12 and above we will be there to make sure they have a ride.

In addition, please call for a food bank ride, the fare is also waived.

We are well aware of the struggles this pandemic has brought our community, please let us know how we can help.

Please call 218-878-7500 to schedule your ride today.
