

# Waterway Benefits Survey

Receive a \$10 debit cash card for participating in a 20-minute survey about your experiences with local lakes, rivers, and streams.

The confidential survey will ask you about:

- Your experiences with local rivers, streams, and lakes
- Barriers you face in being able to enjoy the water
- Your demographics

This survey is part of a doctoral research project that will help environmental managers understand how the community benefits from local lakes, rivers, and streams and help make these benefits more accessible to everyone.

Online or paper survey available.
