PUBLIC NOTICE

THOMSON RESERVOIR PUBLIC MEETING

You are invited to a public meeting about the Thomson Reservoir sediment project on the St. Louis River in Northeastern Minnesota. The project involves applying activated carbon over 69.5 acres of contaminated sediment to improve aquatic environment. The U.S. Environmental Protection Agency, in partnership with the Minnesota Pollution Control Agency and PotlatchDeltic, is holding the meeting to provide the public with the opportunity to learn about the project and ask questions.

DATE: Thursday, September 21, 2023

TIME: 6:00 PM CT

LOCATION: Fond du Lac Tribal & Community College
Amphitheatre at 2101 14th Street, Cloquet, MN 55720

REGISTRATION LINK: <https://bit.ly/3DTRnQY>

For more information, contact an MPCA project manager or visit the EPA website.

Steve Schoff, MPCA, steven.schoff@state.mn.us
